

## Product data sheet for uvex phynomic

Maximum level of cut protection in combination with the best grip in oily conditions in its class. The Xtra Grip coating ensures excellent grip in oily areas and a long service life of the glove. For increased sustainability and safety. uvex phynomic cut protection gloves come from our carbon-neutral production in Germany. They feel like a second skin, are sensitive and meet the highest requirements for protecting your health (proDERM®). Thanks to touchscreen compatibility with all common screens, tablets and mobile phones, there is no need to take off the uvex phynomic F XG protection zone. The uvex protection zone between the thumb and index finger offers additional protection and a longer service life.

### Features

- Good mechanical abrasion resistance
- Ergonomic fit
- certified skin compatibility (proDERM®)
- Increased service life due to uvex protection zone

### Suitability for industrial working environments

- Suitable for damp and oily work environments

**MADE IN GERMANY**
