

First Aid Plaster Dispenser Salvequick

DESCRIPTION

The First Aid Plaster Dispenser Salvequick is a unique system. When you take a plaster from the dispenser, you automatically peel off the protective film from one side as well. This allows the plaster to be stuck directly onto the wound with one hand. Refills are available with plastic, textile and detectable plasters. Refills come in boxes of 6.

CONTENTS

1 Plaster Dispenser contains 85 plasters with two different types:

- ▲ 40 Plastic plasters
- ▲ 45 Textile plasters

LEGAL FRAMEWORKS

An employer is obliged to provide the company with sufficient materials, depending on the nature of the company's conduct and the risk profile.

CERTIFICATION
